Wrap Around Care for Pre-School Pupils at Saltergate

Dear Parents and Carers,

The National Wraparound Childcare Programme is a UK initiative launched in March 2023. It aims to provide extended childcare services beyond regular school hours. We have our fabulous Kids Club on site for our children in Reception to Year 6. Therefore, we have been asked by our Governors to look into any potential interest for wraparound care in our Discovery Learning setting.

Currently, Discovery Learning operates during school hours, however we are aware that this does limit who is able to choose our setting as an option due to working hours of parents and carers. We would like to invite all of our community to complete the form below to provide any feedback and/or interest in the introduction of wraparound care for our nursery.

Please complete the form [here](#) by Friday 12th July 2024.

Thank you.
Mrs Jo Hall
